

Science Meets Industry Bergen

- a meeting place for the
offshore wind industry

September 15, 2015 at
Grand Hotel Terminus,
Bergen

- 8:30-10:00 Registration, coffee/tea and posters
- 10:00-12:00 Morning session
- NORCOWE Reference Wind Farm –results on O&M,**
John Dalsgaard Sørensen, AAU
- Dogger Bank Reference Wind Power Plant,**
Karl Merz, SINTEF
- DTU 10 MW RWT,** *Christian Bak, DTU*
- Design basis for large OWT – status and challenges,**
Jørgen Krokstad, Statkraft
- New challenges from 8-10 MW turbines (met/ocean perspective),** *Line Gulstad, Vestas and MHI Vestas Offshore Wind*
- 12:00-13:00 Lunch and posters
- 13:00-16:15 Afternoon session
- Measurement campaign OBLEX-F1 at FINO1**
-Status and preliminary results,
Benny Svardal CMR and Joachim Reuder, UiB
- Wind turbine wake measurements with SUMO,**
Line Båserud, UiB
- Including a wind farm module in WRF – what do we gain?**
Idar Barstad, Uni Research
- 14:15-14:35 Coffee break
- How can technology contribute to cost reduction in offshore wind?** *Knut Bech, Statoil*
- Cost reduction for offshore wind energy,**
Jens Madsen, Vattenfall
- Decision support for installation of offshore wind turbines.**
Status and preliminary results, *Yngve Heggelund, CMR*
- Uncertainties and scale effects in breaking wave loads on marine structures,** *Charlotte Obhrai, UiS*
- 16:30 Tapas, networking and posters

Registration form

Please sign up for the conference [here](#) before September 11.
The conference is free of charge.

Mailing list

You are also welcome to sign up for the [mailing list](#) for SMI Bergen.
